Graduation

Academy of Technology

08/2018 - 08/2022

9.07

B.Tech

Computer Science

Higher Secondary

Convent Of Jesus and Mary

06/2017 - 06/2018

68.8

Secondary

Convent Of Jesus and Mary

06/2015 - 06/2016

74.7

WORK EXPERIENCE

Project Engineer

Wipro Ltd

04/2022 - Present

Kolkata

Achievements/Tasks

- Learned SSR framework like NextJS, to implement some reduce response time of a project.
- Created, maintained and managed more than 20+ pages of the client react project.
- Paired with 3 other developers to fix and sort out the bugs all over the website.

Qdesq

Automation-Tester(Intern)

11/2021 - 04/2022

Qdesq is the tech-enabled platform to discover & book flexible workspaces.

Achievements/Tasks

- Worked with a team of 5 and gained teamwork and collaboration skills.
- Gained how to co-operate with other devs and managers to learn ins and outs of the angular project.
- Learned to find several holes and test cases where bug might appear.
- Learned a lot about each roles and how everyone co-exists to solve issues and as well as in development.

PERSONAL PROJECTS

Share2Care

- Academic Project(College).
- A react-based website with firebase working as its backend.
- A platform to deliver solution to every students need.

Exercise Routine APK

- Self interest learning DIY project.
- Flutter based app to keep a routine of your exercises.

ACHIEVEMENTS

Won Techfest

Both on College as well as in my school.
